| SUMMARY OF AUDIT FINDINGS |
|---------------------------|
|---------------------------|

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Inmate/Resident/Detainee Interviews

Random Inmate/Resident/Detainee Interviews

| | |
|---|---|
| 53. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed: | 2 |
| 54. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply) | <input type="checkbox"/> Age <input type="checkbox"/> Race <input type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input type="checkbox"/> Length of time in the facility <input type="checkbox"/> Housing assignment <input type="checkbox"/> Gender <input type="checkbox"/> Other <input checked="" type="checkbox"/> None |
| If "None," explain: | There were only two confinees in the facility at the time of the onsite audit. There was no ability to choose other individuals to interview. |
| 55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse? | I was unable to do so as there were only two confinees in the facility at the time of the onsite audit. |
| 56. Were you able to conduct the minimum number of random inmate/resident/detainee interviews? | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| a. Explain why it was not possible to conduct the minimum number of random inmate/resident/detainee interviews: | I was unable to do so as there were only two confinees in the facility at the time of the onsite audit. |
| 57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation): | I was unable to do so as there were only two confinees in the facility at the time of the onsite audit. |

Targeted Inmate/Resident/Detainee Interviews

| | |
|---|---|
| 58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed: | 0 |
| <p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p> | |

| <p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p> | <p>As noted earlier in this report, there are very few confinees in military confinement facilities. This facility only had two confinees at the time of the onsite audit. Also noted earlier in this report, there are specific requirements members of the military must meet, physical, mental, emotional, in order to be accepted into the military. Therefore, it is unlikely to find a confinee who fits this category being housed at the confinement facility.</p> |

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: discussions related to testing critical functions are expected to be included in the relevant Standard-specific overall determination narratives.

Documentation Sampling

Where there is a collection of records to review—such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files—auditors must self-select for review a representative sample of each type of record.

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

The 2 Security Forces Squadron (SFS) PREA Guidance document states the following.</p> <p>1. PURPOSE</p> <p><i>“The Air Force Corrections System is committed to zero tolerance of any form of sexual abuse and sexual harassment in facilities it operates directly or with which it hold contracts for the incarceration of confines and detainees. The purpose of this guidance is to outline the approach to preventing, detecting, and responding to sexual abuse.”</i></p> <p>2. ZERO TOLERANCE POLICY [C.F.R. 115.11(a), DAFMAN 31-115, V1]</p> <p><i>“The 2 SFS has a zero-tolerance policy towards all forms of sexual abuse and sexual harassment. This policy is directed by 28 Code of Federal Regulations (C.R.F.) Part 115, Air Force Manual (AFMAN) 31-115, and reaffirmed in this guidance for the enforcement prevention, detection and response to such conduct.”</i></p> <p>The USAF has assigned one person, the PREA Coordinator, to oversee all confinement facilities operated by the USAF. This position is housed at the Lackland Air Force Base in San Antonio, TX. The current, and first PREA Coordinator, for the USAF is a civilian position. The PREA Coordinator is a retired AF Corrections Superintendent who also has experience working in civilian corrections in Texas. He established the PREA program from the ground up and is responsible to ensure all policies remain up to date and all facilities are in compliance with the PREA standards.</p> <p>In addition to his PREA duties, the PREA Coordinator is also responsible for overseeing the overall corrections policy, restricted housing, coordinating offender movement between facilities, Levels 1-3.</p> <p>Each facility has a PREA Compliance Manager (PCM) who does not directly oversee the confinement facility but does conduct PREA functions. The Non-Commissioned Officer In Charge (NCOIC) oversees the confinement facility and performs PREA functions. When no corrections staff are on duty, the supervision of the confinement facility falls to the Flight Chief on duty.</p> <p>Typically, the local PREA staff members at each facility are assigned to this position for an average of two years and then rotate out for a variety of reasons including, but not limited to military orders, contingency deployments, promotions, separations from the service, etc.</p> |
